### **Calls for Service to Clover Hill Estates for August 2013**

Please realize that the existence of a record of a call for service to any address may not necessarily be indicative of any violation of law. Often times police are dispatched to an address for reasons unrelated to unlawful conduct. Additionally, you should not draw a negative inference simply because a disposition may be listed as "offense report" or "arrest made". It is possible that these dispositions were unrelated to the initial call and may have resulted from completely independent circumstances not involving the situation. We caution you to keep this in mind when considering the following information.

All addresses represent hundred blocks, not specific addresses.

A disposition of "No Report" indicates that no written Police Incident Report was made.

We caution you to keep this in mind when considering the following information.

We caution you to keep this in mind when considering the following information.

All addresses represent hundred blocks, not specific addresses.
